

Safeguarding Update for Children Following Return to School, local lockdown measures from Sept 2020 and possible future COVID-19 school closures/bubble isolations

23rd October 2020

Dear Parents / Carers,

It has been a delight to be back together as a school family again this half term. It has been seven months since the Government ordered schools to close with less than 48 hours' notice. We understand that for some children and families there may have been significant changes to your lives during this time. We always want to be as prepared as possible to support your child, particularly in terms of their health and wellbeing. The more information we have during this crisis, the better equipped we are to support our children.

We request that we receive a form for every child. Even if very little has changed for you and your child and you have no concerns about their return to school, it is useful to know that too.

If you would prefer a phone call to share the information, please contact me at school on 5492020.

Thank you for all of your love, support and co-operation this term.

Many thanks,
Ann Blakey, Headteacher
