

18th December 2014

Dear Parents/Carers,

It is of paramount importance to all staff and governors' of St Benet's that our children and families come to and leave school feeling safe and happy. I know that all our parents/carers strive for this atmosphere too.

Can I respectfully remind adults to drive carefully into our car park and be mindful of other drivers. Also, if parents are sharing concerns with each other it is hoped that this is done away from children and in private. No children, families or staff should have to tolerate aggressive behaviour. Adults collecting children, should at all times, remember to behave respectfully. Any inappropriate behaviour will be recorded and the police may be contacted.

At St Benet's we pride ourselves on the safeguarding of our children and families. Thank you for your continued your support.

Yours sincerely,

Ann Blakey, Headteacher
